Subject: RE: Follow up phone Call has gone very SOUTH lieutenant
To: Gracie2 <graciegracie212@gmail.com>

Hi Ms. Price,
I apologize for the phone call drop and I'm sorry if you feel I did anything intentional. I thought you had a bad connection and I waited for a call back from you. I've been in/out of the office, if you call and I'm not available, you may leave a message in the answer machine.

Ms. Price,
I would like to apologize for the negative experience you have been encountering with the 28 Pct. Although you may feel that the 28 Pct does not assist you with your complaints, I want to assure you that the Police Department takes all citizens' complaints serious. We vigorously strive for a better and more comfortable place for the members of the community to live in, and that includes handling every complaint seriously. As I explained earlier during our phone conversation, all of the cases/complaints you mentioned have been closed and investigated by the Detective Squad. Regarding your complaints about the District Attorney's Office refusing to offer you any help, you need to contact their office and file a complaint with the Department Disciplinary Committee (212)401-0800 or log on manhattanda.org. Unfortunately, the Police Department does not handle complaints against the D.A's Office. I hope this may have clarified any questions or doubts you had. If you have any emergencies please dial 911 and for non-emergencies dial 311 or call your local Precinct.

Dear Lt Rodriguez:

I'm writing to provide further information to assist you in your investigations of my complaints made to the IAB

regarding the handling of me as a victim of domestic violence and the hell your precinct put me through as I tried to liberate myself from my batterer. I came to the precinct in 2010 about my situation as I was suffering severe physical, mental, and economic abuse and instead of assisting me your pct chose to throw me to the wolves and put me in Riker's Island for alleged crimes of harassment against my batterer. How is a woman to defend herself if she is silenced by the police?? When I went to the NYPD for help in freeing myself from my batterer not one person in the precinct took the time to meet with me and review the many pieces of evidence that I had proving that I had not fabricated my own injuries; the stance the the detectives in the 28 squad and the Manhattan District Attorney's office took in order to protect my batterer who was involved in several prosecutions they had already set in-motion against other parties not associated with me.

My batterer (Raheem Andre Powell) enjoyed a privileged status with the NYPD as a result of several incidents: he had assisted in helping the police previously and warned me that I would be unable to find sympathetic ears regarding his violence. More recently Powell had been a complainant in an attempted murder case wherein his drug-distribution hideout was robbed in December of 2010 by an armed member of a central-Harlem gang. During that robbery Powell was shot at by the perpetrator as he chased him up nearby Frederick Douglas Boulevard in front of the 28th precinct. That young robber/shooter was key in unravelling knowledge about the "Goodfellas" and "137th st" gang in Central Harlem which were 'brought to justice' under fanfare and several public press conferences by the district attorney's office. Powell also had knowledge of other gang-related (Crips/Bloods) activities that involved the murder of his cousin, Andre, in broad daylight on the corner of 115th and Lenox in the Fall of 2010 among other pieces of information he on passed to the police.

For these reasons my complaints as a battered intimate-partner against Powell fell on deaf ears at the 28th precinct nearby to my home on w. 120th st in Manhattan. I was caught up in a miasma of legal posturing and wrangling as the DAs office made a case against me for hundreds of counts of alleged aggravate harassment I supposedly committed against Powell. Without examining one hospital emergency room record, speaking to one neighbor, examining the receipts I had for various broken windows, kicked-down doors, or examining the photos of my injuries I was labeled a fabricator and liar. Branded a pariah I was thrown into jail, miscarried the child fathered by Powell I was carrying, and began suffering serious symptoms of Complex Post Traumatic Distress Disorder. Everything I had worked for in my life burned around me as my credibility was lost. My friends and neighbors looked at me with disdain and disbelief as swirling rumors fueled by the actions of the police and DAs office gave people incredulous pause whenever they confronted me. On many occasions I was physically attacked in the neighborhood by people I knew loosely in the street.

The following information is broken down into three categories;

- I. Rough timeline of events involving violence against me by Powell
- II. Events that led to the filing of IAB complaints and details of those incidences.
- III. Details of attacks on my person that the 28th precinct refused to follow up on.

I receive a visit from best college friend from Mount Holyoke, Amy Carter, from Seattle while she is in town on

Business.

She comments on how I live in fear of my boyfriend; she is upset that even though she is taking me out to dinner I still have to prepare meal for Raheem and that he calls me several times throughout dinner to check up on me and question me jealously about my whereabouts.

After her visit she sends me a letter fearful of my circumstances, begging me to take a hard look at why I am in relationship and encouraging me to leave Raheem.

(pretty, petite, Afro-American) she witnesses bruises all over me and encourages me to make report. She warns me that he will be locked up if I sign report. I leave station house without signing report.

They encourage me to make report—I decline as they say he will be arrested. officers Loor and Chan respond.

October 11, 2010: Raheem tackles me and beats me in street at intersection of 118th and st. Nicholas Ave (NW corner.) He beats me with his fists and cellphone and Police are called. Police encourage me to make a combined report of stolen license plates, car, and Domestic Abuse all in one. I'm not given copy of report. Police take extensive photos of face, back and torso with bruises all over. Officers instruct parking garage to not allow Raheem to take my car out of garage. Raheem bribes parking lot owner and takes car even though Police helped me remove one license plate and park suv in front of car. Witnesses: Levertt (number above) and a girl named Jenn I know from the Dog Park (can get her number)

October 14, 2010: Blackmailed and life threatened: dogs' lives threatened by Raheem. Says he will "ruin" me by telling ex colleagues and family private info about me if he gets arrested for Domestic violence, if I leave him, or if I fail to pay his bills. Forced to go to precinct and ask for help. I explain to officer McNair and Detective Simmons that I'm being blackmailed and Raheem is blackmailing me and if he gets arrested everyone will know etc. Detective Simmons states the only way to dismiss complaint filed without my permission is that she needs overtime that week and by arresting me for making a false statement she will receive it. She says since i've never been arrested that this will not be an issue and I won't go to jail. She helps me write simple statement saying I caused bruises to my face bc we were in a fight and I was mad etc. I'm arrested and given a desk appearance ticket for falsifying a police report. DA declines to prosecute when I make court appearance.

Night of November 11/12 2010: Raheem breaks into my house and is waiting for me when I come home. I had been at Amsterdam Ale House for dinner. Police saw me (officer Loor) come home as they beeped at my taxi to move aside when I was paying fare and waved at them when I disembarked. When I entered my home Raheem attacked me, stole my money and choked me until I passed out on my living room floor. When I regained consciousness I tried to run for door and screamed for help. At that point Raheem tried to detain me and I was

thrown/pushed through a 30 gallon fish-tank. When Raheem realized what he did he panicked and stepped in the glass to pull me out of tank as I was sitting in glass and foul water. He stepped on glass in his flip-flops and needed to be treated months later in december or early January at st. Luke's for an infection he suffered from a shard of glass lodged in his foot from that evening. Neighbors all called police and they were pounding on my door: there must have been 30 officers in my house that night. After much arguing with police (Raheem had disappeared out the back door) I was taken to Metropolitan Hospital and treated. The FDNY ambulance workers (Valentin was one of them) remember the incident and how strange the police were acting. The doctor who treated me can also comment on this (dr. Albert Della Fave—ER Resident.)

MANY neighbors heard me screaming for my life and called police that night. survey 911 calls

Medical Professionals who Treated me:

FDNY Valentin: see copy of FDNY ambulance report (EXHIBIT #)

Dr. Albert Della Fave: Metropolitan Hospital ER Resident: 212.423.6262 to attain a copy of DELLA FAVES INTERNAL DISPOSITION describing events with police and my treatment beyond the scope of what is in my medical records. (see EXHIBIT # Hospital emergency Report)

November 17, 2010: Beaten by Nancy Powell, Raheem's mother when I go to her house for help. Face completely covered in blood and deep scratches from her fake nails digging into my flesh. I have permanent facial scarring as a result. (Exhibit #)

November 22, 2010: after lying in bed frightened and starving for five days while my house is trashed I go to the police in fear of my life. Police see the damage on my face still five days later and allow me to make report against Nancy Powell however they refuse to allow me to make a report about the November 11/12 incident where Raheem through me through fish tank and instead instruct me to go to family court to attain a restraining order against him which i do. I take it to police to serve and they tell me to come back. I return a few days later with Family Court restraining order and the precinct refuses to act on it.

December 22nd, 2010: beaten, robbed, dragged into street after Raheem breaks into my house and steals my money and phones. Multiple witnesses call 911 for help. Precinct desk sergeant Agron tells me when I go to make report that he will arrest me for trespassing if I don't leave the precinct. Refuses to act even though i have an active restraining order against Raheem. He refuses to look at it let alone serve it. I call 911 from inside precinct to report his conduct and the operator tells me they can't do anything to help me.

More fights through December 2010 and January 2011. ***I attempt to lock Raheem out over Christmas and Raheem incessantly pounds on door and windows calling me all night for two days when i wouldn't let him in*****I had a friend staying with me, Dirk Caldwell from Black Enterprise. He witnessed this barrage of harassment and vowed to only return to my house 'with a gun to protect himself.' Dirk Caldwell VP of Sales at Black Enterprise witnessed Raheem trying to break down my door and his incessant pounding on my windows 347.865.5892

January 27th 2011: fight with Raheem. I refuse to have sex with him and tell him to leave after we agree to try to reunite. He attempts to beat me again and I start screaming for help. in his haste to leave he leaves phone in my apartment. I go to precinct to make police report of incident and sergeant Agron again tells me that the only thing he can do for me is to "move me to Nevada" (implying that I am a some kind of filthy degenerate prostitute unworthy of the NYPD's assistance.) (See texts from Powell EXHIBIT #)

January 28th 2011: I make appeal to detective Simmons to help me. She is disgusted at Agron for his treatment of me and insists I make reports about 12/20 and 1/27 incidents to DV officers when they are in the next day. Simmons agrees to help me if I tell her everything I know about Raheem's drug-dealing and his connections etc. I ask about signing a complaint for injuries dating from 11/11/2010 and Simmons tells me its too late that the precinct will look bad.

January 29th 2011: Interviewed by DTs about Raheem's drug sales enterprise. They never ask me to show them pictures, ER reports etc. Detectives tell me the only way they will help keep Raheem away from me and to get my car back from Raheem is if I press charges against Raheem.

January 30th 2011: DV officer McNair takes report of 12/20 incident and encourage me to make report about 1/27 incident. I am leery b/c no one saw him harm me on 1/27 but people did see me harmed on 12/20. Precinct tells me that Raheem has been making reports against me and that if I don't make report about 1/27 incident "decisions may be made that are not in my favor." I ask again to make a report about incident on 11/10 and am told that; 'too much time has passed' by officer McNair.

January 31st 2011: file report regarding 1/27 incident.

February 1st, 2011 receive call from officer McNair telling me Raheem has been arrested and served with restraining order. he then asks me where I am and presses me. I refuse to tell him.

February 2nd 2011: receive call from DA Strobhen: she tells me I have "less than an hour" to get downtown to her office. When I arrive she and det. simmons and another dt from the 28 (George?) pepper me with questions, call me a liar, informs me she is declining to prosecute Raheem, refuses to look at any evidence I have that supports that I have not been making-up abuse, accuses me of running a dominatrix dungeon out of my brownstone apt, informs me that if I make another report against RAHEEM that she will 'lock me up and throw away the key'. She also informs precinct that she will personally handle all of my inquiries and if I have "a bullet-hole in my head that they are to call her first before responding to any call from me." She also encourages Raheem to press counter-claims of harassment against me and instructs me that even though I haven't been served that I am to show up in family court the next morning to respond to Raheem's charges. She tells me I will be charged with contempt of court if I do not show up. She tells me her only concern is that "an innocent black man has been sitting in jail for 24 hours..."

February 3rd: Powell tries to accost me on way out of family court. Judge denies his petition for a reciprocal restraining-order
Slobhen refuses to help me file report about Raheem's conduct on way out of court building. I make report with Det. Mortimer at 5th precinct.

February 2011: I discover I am pregnant

Early February 2011: Neighbors tell me that nude photos of me have been texted around to all the neighborhood boys. I call precinct and slobhan and no one will take report. I call Mortimer and he tells me he can't do anything. Lt. LArocca encourages me to make a report to the court and to the Department of Investigations as he informs me that ADA Strobhen has instructed the pct. to not take any reports from me.

February/March 2011: I miscarry my child. Numerous calls from Raheem from Pay phones remember many and can pinpoint March 16th 10:30am repeated calls from him. please check my phone records 212 470 5624 was my number then.)

February 20th 2011: I call Raheem to tell him about pregnancy. I was extremely uncomfortable and in pain. We speak for hours/days on end about situation. Raheem enraged that I will not return to him and that I am considering terminating my pregnancy. He's also enraged that I beg him to seek counseling for his abuse and battery.

February 23 (cq)2011: receive call from officer Diaz at DV office of 28th precinct asking me to "come in to tell them how things are going." I smell something fishy and bug out. Officer McNair admits to me that Raheem made claims of harassment against me. He's surprised to find out that Raheem and I had been discussing my pregnancy. Tells me I will be arrested.

March 24th 2011: arrested in Manhattan family court by FOUR NYPD DETECTIVES from the 28...Det. Simmons responds to a question I ask her (after she calls me a liar and accuses me of making up abuse) by saying: "Kelly: I don't tell you how to lay (sic) flat on your back and spread your legs when you do your job and I certainly don't expect you to tell me how to do mine..." while I am in the holding cell at the 28 DT squad

May 2011: arrested by det. fontanez for contempt of court. Not given time to make bail taken straight to Rikers island where I am beaten. Raheem's cousin works on Rikers island so I was treated with special disdain. He promises if I come with him quietly that he will investigate my claims that Raheem beat me. Contract sinus infection

that causes hearing loss on Rikers. Rikers staff loses my belongings and refuses to give me house keys when I am discharged. Corrections officers Montague and others I made note of. They can vouch to the abuse I suffered while in custody of the NYCD.

May/June 2011: Jumped by women's shelter dwellers at 233 W. 120th st. who do drugs with Raheem's cousins across the street three times. Police called: they refuse to help.

May/June/July 2011: constantly taunted by neighbors about beatings and called a whore. TOLD my life is in danger by Raheem's drug-pusher TY who still slings Raheem's drugs out of 239 w 120th st. #2.

AUGUST 2011: multiple attacks and constant taunting & harassment by neighbors with allegiances to Raheem. Police take reports.

II. Events that led to the filing of IAB complaints and details of those incidences.

Complained July 15th, 2011 complaint # 11-31923 and #11-43253 that Dt. Simmons failed to investigate my allegations of abuse at the hands of Powell, and that the 28th precinct no action was ever taken nor any report provided back to Manhattan North liaison (as per officer Van Vorren and SGT Purcel)

Detective Simmons claims to have investigated my assertions that I had been abused by Powell but she never inquired about the abuse and checked with my neighbors interviewed, reviewed the photographs (Exhibit #) , hospital emergency room reports (Exhibit #2), receipts for broken windows and kicked-down doors or to spoke with my neighbors who had heard and seen the constant battery.

Detective Simmons never

investigated my claims of abuse at the hands of Powell before charging me with hundreds of crimes against Powell. She failed to interview my landlord (Exhibit #3) and neighbors (and even lied about this); never looked at or compared photos of my severe injuries to hospital emergency room reports; never requested that my sign HPPA forms releasing medical records, and refused to collect/accept other evidence such as 911 calls, receipts for repair work for broken windows or doors that had been kicked down that proves that regular battery had taken place against my by Powell. They accused me of fabrication without knowing or seeking to examine the facts and then initiated an elongated, over-zealous, and incorrectly charged case against me.

Detective Simmons never investigated the facts of my abuse despite the fact that on the night of November 10-11th, 2010 over thirty members of the 28th precinct converged on her home. The police accompanied her ambulance to a hospital after Ms. my had been choked until passing out and thrown through a fish tank by Powell(see Exhibit #2 hospital records and Exhibit #1 photographs of permanent scarring from being thrown through fish tank). Simmons never asked me to sign a HPPA form or for permission to speak to various doctors that had treated me for the many emergency room visits she made in 2010. Detective Simmons never interviewed neighbors who heard constant battery and called the police beseeching them to help me.

Simmons and I had had a previous encounter on October 14, 2010 when I begged the 28th precinct not to file a report they had told me that I could have a night to sleep on before initiating action on. I was not ready at that time to initiate a prosecution against my batterer, Raheem Andre Powell, as he had threatened my with blackmail and reminded me that he had Police connections and would 'ruin me' if I reported his battery to the police. Upon arriving at the 28th Precinct on the morning of October 14th, 2010 and telling the DV officers McNair and Diaz that I was choosing to not initiate prosecution against Powell for beating me on 10/11/2010 I asked them to tear up the 61 report. The previous evening I had been told by the police that they would allow me time to think about if I wanted to follow through with the filing of the complaint against Powell. I was reticent to go forward

with my claim against Powell for several reasons including that Powell was blackmailing (Exhibit #12) me by telling me that he would release intimately personal photos and information about me to my family and colleagues if I ever went to the police about the battery he unhandedly on me. (please refer to exhibit #, cell phone transcripts of messages sent to me from Powell proving the blackmail). The DV officers had already elevated the report even though they had promised not to and it had been assigned to Detective Simmons.

Simmons agreed to tear up my report against Powell only if I wrote out a statement saying I had made a false report and inflicted injuries on myself. Simmons recommended this course of action as it was the easiest way to make the situation go away. Simmons stated that she needed overtime hours that day and as it was nearing the end of her shift and by booking me that day for filing a false police report she would get some overtime hours. Simmons told me that as I had never been arrested that I would only receive a Desk Appearance Ticket and that no one would go to jail. She also warned me to keep my head down and that I should move out of the neighborhood because from this point on "you're on your own." The report that I had made was for injuries inflicted on me in public on the corner of 118th st. and St. Nicholas Avenue. The events were witnessed by people known to me and I knew that if my story was ever followed up on that the facts would come out so I agreed to Simmons' plan. Simmons informed me that this was the only way she would not arrest Powell based on my complaint filed without my permission by the DV officers. Detective Simmons coached me on how to retract my statements: asking me to rewrite a synopsis of events several times each time asking me to write the time at the top of the page much earlier than the last so that Detective Simmons "could receive overtime by catching the case with enough time to start to work it" on 10/14/2010. A record of Simmons' overtime request and payment is on file for this day.

On March 24th, 2011 Detective Simmons was called in front of Judge Sattler in Family Court and asked if she had investigated my claims of abuse and if they were credible. Simmons replied "no" (Exhibit #) even though she had not questioned me about my emergency room visits, reviewed photos of injuries taken by my neighbors, or interviewed my building super, landlord or neighbors about the ongoing abuse. After Simmons answered that she did not believe my's allegations Judge Sattler allowed four officers from the precinct to cuff me in the Family Court House on Lafayette St in her courtroom and transport me back to the 28th precinct for booking and further processing and arraignment. DETECTIVE SIMMONS HAD NEVER INVESTIGATED MY ALLEGATIONS OF ABUSE & SHE PERJURED HERSELF IN OPEN COURT.

When I was in the cell in the squad room AFTER being arrested in Sattler's court inquired as to why Simmons hadn't investigated my claims. My home was 1.5 blocks from the Precinct on 122nd but no one in my brownstone was interviewed about the constant abuse. Detective Simmons replied to my query: "Miss Price, when you lay on your back and spread your legs while doing your job I'm not standing over you telling you what to do and I sure as hell don't expect you to tell me how to do mine..."

Complaint # 11-31923 was marked "unsubstantiated" by Lt. Rentas and 11-43253 was closed by a 28 squad investigator and closed by Lt. Iaburda: 678 1608. No one ever contacted me to interview me regarding these complaints.

9/1/2011 Filed complaint vs Officers Bright, Ebright and Raman as well as Sergeant Agron for incident on 8/31. IAB complaint # 11-39869 PO EBRIGHT PO RAMAN and PO Ehlers}. This complaint was marked by the 28 precinct as unsubstantiated by someone named Lopez. Basically these cops instead of taking my report of death threats by Raheem's friends outside my home chided me, harassed me, and laughed in my face. When they arrived on scene and Ebright said to me; "Miss Price I hope someday I am called to your home and you are lying dead on the sidewalk with a knife in you..."

October 2011; filed IAB complaint # 11-49386 against 28 pct DV officers Rosendary and Simmons

complaint c1-1-667494377. This complaint was referred back to the precinct for investigation by the manager of the officers, the SGT also marked my complaint as UNSUBSTANTIATED.

On October 25, 2011 I attempted to file a DIR report with the 28th precinct about a violation of a restraining order Powell had committed on 10/21/11 against an order of protection issued by Judge Sattler (Docket #0-00763-11, File # 1685, order #2011-1195 issued on 9/29/11 expiring on 3/29/12.) I was refused the opportunity to make a report of the violation on the date of occurrence. I went back on subsequent days in an attempt to file the report and Captain Williams, the CO of the 28th precinct, instructed his DV officers to take the report. The DV officer who took the report eventually (id # 939468) ripped up the report and refused to process it (Exhibit # copy of report ripped up by DV officers). When following up the next week on the status of the DIR I was told it was missing and that I was not invited back into the precinct to refile it. I was accompanied on 12/01/11 by representatives from the St. Luke's Roosevelt Hospital Crime Victims Center back to the precinct to refile a new DIR (Exhibit #.) The DIR was accepted by the SGT (id # 933944). I at that time received an apology from the SGT about the missing DIR and I provided a copy of the missing DIR to the SGT. The new DIR was assigned to Detective Ransom of the 28th squad who did not follow-up on any investigation regarding the complaint. In fact sgt Ransom engaged in a game of telephone cat and mouse with me and Powell was never arrested, investigated or questioned about his offense against the court order. A DIR was lost about a violation of a restraining order and the superior marks the complaint about the loss and inaction to protect my safety 'unsubstantiated?'

In November of 2011 I filed complaint # 11-55009 against detective Simmons about her perjuring herself under oath in front of Family Court Judge and failing to investigate my abuse claims (see court transcript Exhibit #). This was logged by detective rogers on 11/29/2011. It was marked unsubstantiated by Lt. Franqui. No one called me or followed up with me.

III. Details of attacks on my person that the 28th precinct refused to follow up on.

I was informed multiple times after being assaulted or threatened that the Manhattan DAs office had instructed the precinct involved not to take my complaint or to not follow-through on any investigation of my allegations. This happened on numerous occasions notably: 6/3/2013, 5/17/13, 10/17/12, 07/27/12: (incident #2012-020-2969), 7/14/12, 4/17/12, 1/20/12, 12/1/11, 8/13/11, 8/4/11, 8/2/11. Attacks on my person and death threats/harassment continued through 2013 when I moved out of the 28th precinct's domain. Please refer to Incident report slips, jaywalking tickets, hospital records etc.

8/2/11 When assaulted (punched in the face and chest when I went outside to check my mailbox) in front of my home by neighbors associated with the cousin of my ex intimate partner and batterer, Raheem Andre Powell. I called 911. p.o. Cooley shield # 14327 responded and told me I was not allowed to receive police services, that the pct. had been informed by the DAs office that I was 'crazy' and that even if he took an incident report nothing would come of it. I called 911 around 1230 pm. Cooley and his partner arrived at 1250 pm. I followed up the next day to get incident ID# and was ignored and never received a call back from a detective investigating the assault or from the mousy grey-haired mean-spirited clerk in the 29 pct who assigns the ID #. Eventually in 2012 Lt. LaRocca looked up the incident and provided an ID# to me.

8/11/11 Told by associates of my ex intimate partner and batterer, Raheem Andre Powell, who were exiting 239 w 120th next to my brownstone where Raheem operated his drug distribution in apt #2 upstairs on the second floor in the back of the building (overlooking my backyard and bedroom window) that 'I would be taken care of' and that I should fear for my life. Called 911 to report death threats around 330pm. P.O. Bonaparte (did not provide shield #)

responded with partner around 400pm and took incident report. No one followed up with me. I followed up and received a complaint number from Lt. Iarocca who looked it up for me; complaint # 2011-28-003732. No one ever followed up with me about these threats or arrested the perps. They continued to threaten and intimidate me each time I left my home and encountered them for the next two years saying; 'no one cares about you at the precinct; no one gives a shit if anything happens to you kelly...'

8/16/11; Assaulted by associate of RAP on my way home from store. Punched in the face. called 911. Ambulance arrived and treated me, police took report and never followed up. See photos of busted face taken by FDNY ambulance workers (Exhibit #)

8/31 9/1; harassed by associates of RAP. PO EBRIGHT PO RAMAN and PO Ehlers respond and tell me I should move out of neighborhood, they harass me about associating with 'these people in this neighborhood' and refuse to take my complaint. Ebright tells me he hopes he responds to one of my complaints one day and 'finds me lying on the sidewalk in front of my brownstone with a knife in my back.'

10/25/11; report finally made on 12/1/11; see description of my attempt to file a report for Raheem's breech of restraining order detailed above in the section outlining events that led to me filing and IAB complaint against the DV officers Rosendary and Simmons above in section II.

1/20/12 Attacked by woman named INA who lived across the street in the white building Raheem's uncle and cousins dwelled in on 120th near my brownstone. This woman has known my batterer since he was a child, is a known street walker, crack/cocaine addict and has had her youngest daughter, Sarde, removed from her by children's services. She encountered me as I was walking to the store and began yelling at me about how she loved watching people attack and harass me whenever I left my home. I replied that she was a crack whore who couldn't even take care of her own children, that often I had to care for 'Dee-Dee' (short for Sarde) often when she was too cracked out to help her own daughter with her homework or when she fell off her bike and needed bandaging and love. I had even taken her kid to Chucky Cheese with other neighborhood girls once when I surprised all the little girls on the block with an outing to the restaurant in September of 2010. Ina became enraged and smacked me in the face with a closed fist resulting in my front right tooth becoming dislodged and landing on the sidewalk. As blood spurted from my face and I searched the sidewalk for my missing tooth Ina picked up a long wooden leg from an old table that still had large protruding nails at the top of it where it had once been attached to the table top. She began to run at me with this weapon and the only person on the sidewalk who interfered was the neighborhood UPS guy, Danny, who jumped off his truck and tackled INA so she would not club me from behind with the weapon. At that moment a police cruiser passed by and I waved it down. IT was a Manhattan north Lt. and his assistant who took my details and said they would on pass my complaint to the 28 but that I should also call 911 which I did. The complaint was assigned to Dt. Fontanez who followed up once with me asking who my assailant was. I gave her first name and address to Fontanez and he mentioned he couldn't make an arrest based on that. I deplored him to make an arrest and he drove me around one night when I saw her walking in the neighborhood but never followed up again with me about locating this crazed attacker. I called Fontanez multiple times reminding him that the statute of limitations on assault is two years and he told me that he couldn't do anything because his hands were tied.

4/17/12 attacked in front of home again.

7/14/12, attacked in front of 200 St. Nicholas Ave., around the corner from my home on way home from store. Hair grabbed and slammed over and over onto pavement by associates of RAP. Knee damaged bruises all over. called 911 around 200 am in the morning and P.O. Johns and partner responded, told me they wouldn't do anything to help. I insisted it is my constitutional right to make a 61 report and that it is illegal for the police to refuse to take my report. They gave me an incident slip marked 'harassment' around 230 a.m. No one ever called or came by my brownstone to investigate or follow up. I attempted to get an ID number for my complaint and was rebuffed again by the mean mousy grey-haired lady who assigns these numbers in the 28th pct.

10/17/12 While walking home from the subway on 125th street and passing 200 St. Nicholas Ave I was attacked by someone named Willy who sells Heroin on the stoop of that building and is an associate of RAP. He jumped me as I was passing his stoop and threw me onto the ground causing substantial damage to my right knee (see photos Exhibit #). I went to the emergency room and have reports and follow-ups from my orthopedic surgeon stating that I need knee surgery as a result of attack (Exhibit #s, and and). P.O. Longo responded (shield # 31565) and said they were instructed by desk sergeant not to take my report. I insisted and they said they would turn in a notation to the desk sergeant about the incident. I called the desk sergeant and complained. No one ever called me to follow up on

this assault. complaint # 2012-28-005194. The first police who responded to my call said; 'aren't you the crazy one we are not supposed to take reports from?' P.O. Longo and Williams eventually followed up after I called 911 and complained about the first officers on scene. P.O. Williams sympathetically stated to me that the District Attorney's office had instructed the precinct not to respond to any of my calls. This was Witnessed by my neighbor, Elizabeth Walker, who is a graduate of Harvard University, Colombia Law School and a MEMBER OF THE NEW YORK BAR ASSOCIATION. WALKER PRESSED WILLIAM'S AND LONGO TO TAKE MY COMPLAINT, reminded them that it is illegal to deny a person police services. Williams commented that the precinct had been instructed by the District Attorney's office to not respond to any calls I made AND THEY took my information and told me nothing would be done eventually.

On the night of 6/2/2013-6/3/2013 While en route home from the Amsterdam Ale house on 76th and Amsterdam where I had dinner with a friend of mine I instructed the cab driver to follow a certain route and he refused. I asked him to stop his cab so I could get out and instead he locked the doors and sped up. He carried on like this for a number of blocks while I screamed at him to stop the cab and let me out. I called 911 from the back of the cab and when we stopped at a red light nearby police from the 28th pct were called over. Officer Officer was one of these officers and he announced to his partner that I was not to be given police services or assisted in any way and that he refused to take a report from me. I called 911 and reported this incident. Surprise; it was never followed up on.

6/2013; while in route to the subway past precinct from my home Detectives from the 28 squad opened their windows overlooking my path up St. Nicholas to the 125th st. subway station and 'MOO' at me as if I were a cow. I called the precinct and complained to the CO and his assistant immediately.

July 2013; while walking my dog near my home i'm given a jaywalking ticket on the corner of 120th and St. Nicholas (I have eyewitnesses that will testify that I did not jaywalk) even though I wasn't jaywalking. 28th pct cops were rude and condescending. I fought the ticket in court and won (docket # 2013SN053520).

Dear Public Allies:

I am the Director of Sanctuary for Families Center for Battered Women's Legal Services ("Sanctuary's Legal Center"). With 45 attorneys and more than 500 pro bono attorney partners, Sanctuary's Legal Center is the largest legal services program dedicated to the needs of survivors of gender violence in the country. I write in enthusiastic support of Kelly Grace Price's application to become a Public Ally. A survivor of both domestic violence and sex trafficking, and of our justice system's failure to protect survivors of these abuses, Kelly Grace Price, whom I know as Grace, has transcended unspeakable violence to become a fiercely powerful and highly effective advocate for some of the most marginalized and vulnerable women and girls in our city.

I first met Grace after a New York City Bar Association panel in the summer of 2015 addressing sex trafficking in New York City. After the discussion, which featured the Manhattan District Attorney, Cyrus Vance Jr., the Chief of Counter-terrorism for the New York City Police Department, John Miller, and former Chief Judge for the New York State Courts, the Honorable Jonathan Lippmann, Grace hovered outside the auditorium as the attendees, mostly professionals who work in trauma, trafficking, sexual assault and battered women's services, filed down the stairs. Clad in black and sad-eyed, Grace politely posed a provocative but accurate question to us, "How come all three speakers were Pale Males?" She offered politely to our group with sad eyes. Who are you?" I asked out her, as her comment reflected my own thoughts. "I'm Grace," she replied, "And I don't think Cy Vance would know a trafficking survivor if he ran one over with his police escort." Thus began my interaction with one of the most gifted and committed activists with whom I have had the privilege of assisting and collaborating.

As mentioned above, Grace has been subjected to domestic violence and trafficking in a pattern that we encounter frequently among clients at Sanctuary's Legal Center: an abusive predatory boyfriend becomes a trafficker. When Grace was finally able to seek protection from the justice system, however, rather than obtaining the protection she desperately needed she was revictimized by the very system that was supposed to protect her. Not only was she arrested and prosecuted under a section of the penal code that was subsequently struck down as unconstitutional, she was jailed for more than fifteen days on Rikers Island—a searing experience that exponentially increased her trauma. I have seen many cases over the years in which survivors have been revictimized by the criminal justice system but few have been as severe as Grace's.

Since that time Grace has drawn on reserves of strength and resilience to patiently and meticulously rebuild her life, preserving to ensure that what happened to her does not happen to others when they turn to the authorities for help in their darkest, most desperate moments. Since that time she has dedicated her life to the voiceless and the hopeless who like her have been refused recognition as victims and survivors of trauma/abuse. After spending weeks awaiting bail at Rikers and seeing the reality of who is confined there and how they are treated she has dedicated every waking moment to addressing the inhumane conditions on that island jail complex. It was apparent to Grace that over 75 percent of the women in the Rose M. Singer Center were survivors of either domestic violence and/or trafficking and that the crimes they were accused of often arose out of these horrific circumstances. Instead of moving on with her life, she chose to try to do something about them.

* PAST BOARD PRESIDENT

Back in 2012 Grace began a campaign to remove all women off of Rikers, long before this topic was a headline in our newspapers. She has become a stalwart member of the NYC Jails Action Coalition, where she has steadily worked towards her goal, organized, built relationships with religious leaders, social justice leaders, and local, state and federal politicians. Indeed she has established herself as a driving force behind criminal justice reform in the areas of prosecutorial immunity, survivors' rights and secondary victimization, all while recovering and living on public assistance in a tiny SRO studio apartment in Washington Heights.

Grace's work to end the crisis of rape and sexual assault in our City jails has picked up momentum in recent months. The NYC Board of Correction has finally agreed to begin implementing rules to address the Federal Prison Rape Elimination Act this spring after almost a full year of forceful advocacy from Grace and her organization. From our past experience we know that the draft of a rule change to the minimum standards that comprise the Department of Correction's charter takes many months to revise, more to affirm positively with a vote, and even more to implement. Grace's work dedicated to reducing harm in our City jails and to giving victims like her, who were written-off as mentally ill, derelict, fabricators, is a profound reflection of who she is: without having regained her full rights and without having been restored to the status she enjoyed before her life was turned upside down, she fights for others who are more helpless and more desperate. What a testament this is to her strength of character!

Please help Grace to continue her work: in assisting her to restore the voices of the voiceless victims and survivors on Rikers, she has found her own again, and what a powerful and eloquent voice it is. By enabling Grace to continue and intensify her forceful and urgently needed advocacy for the most marginalized and vulnerable victims of gender violence, those who have been revictimized by our justice system, you will be empowering one of New York City's most formidable and dedicated public allies.

Sincerely yours,
